Seven ways to clear that clutter

Tips for lasting Organizational,
Environmental and Sustainable change.

Please share
or recycle
this flyer

RELEASE items from your home that you no longer love, need or want. Place a bag or box in a closet or garage and mark it 'Donate, get the entire family on board. When the box is full drop it off at your local charity.

REFUSE plastic water bottles and shopping bags. Instead re-use a water bottle you can refill. Bring your own shopping bag they are sooooo much better!

Refuse Junk mail. Go to my Go Green page at Hollyhelp.com and join the list of no mail solicitations and OPT out of all the credit card offers.

Refuse sale items you might buy for that temporary empty shopping fix. Just walk away, you don't need it!

RE-USE & RE-FILL

Look for an alternate use for something you might otherwise throw away or recycle. Spice jars are great for storing paper clips or earring studs, get creative!

RECYCLE anything that can't be re-used, up-cycled or donated. Open your mail DAILY over the recycle bin. This will help streamline your mail sorting and keep junk mail from even entering your home!

REDUCE your expenses and waste by re-using, recycling and only bringing into your home the items you NEED or LOVE.

REPEAT each process daily to keep your home clutter free.

REMEMBER to bring your water bottle with you every day. Store re-useable shopping bags in your car and bring them in with you each time you go to the store.

Remember how it feels to have a home clear of clutter and chaos!

And now you can **Rest, Relax and Reflect** on a job well done. You've just made life easier on yourself and mother earth!
